

ALL THE PEOPLE FEEL YOUR BODY

Sergio Lanna aka Sir Joe

All the people in the world
feel your body

*I'm in this space with you
(chorus) come back for more
I'm not moving on, no, no
(chorus) come back for more*

All the people in the world
(chorus) I'm sorry, everyone likes me
like your body
feel your body
like your body
But I know you really like it, like it
But I know you really like it, yeah

I just wanna love you

I feel your body, I feel your soul
Oh baby
But, I like your mind, I like your soul
I love you

But I know you really like it, like it
But I know you really like it, yeah

I just wanna love you
